Dear Mr McKenzie

**Re: Corruption**

You have not responded to my letter to you of 22<sup>nd</sup> July 2019.

I remain keen to understand as to how you advised the NSW Police during the fraud investigation into the allegedly criminal dealings of Terence Goldberg of Turner Freeman Lawyers.

Indeed, and it goes without saying, that if you had been truthful during the NSW Police's interview with you regarding Terence Goldberg's improper activities, Mr Goldberg would subsequently have been charged with a number of counts of fraud.

Of course, I was not present during that interview, and am therefore unable to comment on exactly what took place, however, what I can say with an absolute certainty is that you have lied to me and to others to protect Terence Goldberg regarding Mr Goldberg's issues of wrongdoing and misconduct. Given your history, I am inclined to believe that you have lied to the police also.

Despite the large number of complaints regarding Terence Goldberg's unlawful activities, Mr Goldberg remains without any form of sanction by either your office or those around you. The question remains outstanding as to why you have consistently gone to untold lengths to protect Terence Goldberg from the weight of the law.

I copy this letter to the Independent Commission Against Corruption, among others.

Yours faithfully

Symn Waters
